

Loving Nature!

If you have been fortunate enough to experience the wonders of the world, you will do everything you can to preserve them. That's why sustainability has been a top priority at Jack Wolfskin for years. Comprehensive information can be found in this link: <https://www.jack-wolfskin.de/corporate-responsibility.html#socialresponsibility>, including our completely transparent traceable supply chain. Here is a small selection of why we are regarded as a pioneer in the industry:

1. RECYCLING

Jack Wolfskin is the world's first clothing manufacturer to offer fully recycled* jackets (by upcycling post-consumer PET bottles and zero waste cycles) where even the high-tech membrane is recycled.

▼ MILLENNIAL PARKA M – 200 GBP

4. bluesign®

As a bluesign® system partner, we are committed to environmentally friendly and resource-conserving production.

▲ RED RIVER SHIRT M – 60 GBP

2. 100 % PFC-FREE

We did it! - The entire clothing collection is completely free of environmentally harmful chemicals.
